

Bravida Norway signs a major contract with Pilar Entreprenør in Northern Norway

Bravida has signed a contract with Pilar Entreprenør, for installation of electricity and pipes in Norway Royal Salmon AS new smolt plant, in Northern Norway. The company is stepping up their activity in Northern Norway to meet growing demand.

The new smolt plant in Dåfjord in Karlsøy Municipality has the capacity to produce up to 10 million smolt up to 400 grams. The project also includes a circulation plant (RAS) with a total volume of 16,350 cubic meters.

Pilar Entreprenør, is the main contractor and is together with Overhalla Betongbygg and ScaleAQ, responsible for construction and process plants. The project started in the third quarter of 2019 and is expected to be completed in the third quarter of 2021. Bravida has been commissioned to carry out all installations within electricity and pipes. The contract has an order value of NOK 78 million.

“For Bravida, this is a very exciting project. At Bravida in Tromsø we have good knowledge and long experience of carrying out large projects. It is extremely exciting with this project within the smolt plant industry, which we believe is an industry that will be important for Norway in the future. We look forward to a good collaboration with our contract partner Pilar Entreprenør, says Torfinn Rolandsen, Regional Manager for Region North in Bravida Norway.”
